Drilling Equipment Manufacturers Australia

"Experience, flexibility, reliability and competitiveness"

Proudly Strategic Partners

Drillman has formed a Strategic Partnership with **Export Drilling International**, one of the United States largest and most successful drilling supply companies, to be able to provide both high-quality services and feasible solutions to create added value to our customers. As a long-term strategic partner of EDI we are committed to delivering advanced technologies, products and services to help our customers achieve their objectives.

Experience - Our extensive experience in sourcing and supplying specialized materials, means we know what you're talking about. Our large supplier list enables us to quickly source the products our customers need and contacts built up over time in the industry mean we can offer competitive quotes - fast.

Flexibility - We can be reached 24 hours a day, 365 days a year. We know that our customers are based around the globe and need to contact us when it's convenient for them.

Choice - We can offer you brand new original equipment manufacturer's parts - if that's what you want - but we can also supply alternatives from qualified sources. Why? We believe that in a competitive market these savings turn into capital you can invest in other areas.

Reliability - No one can afford to waste time, so we make it our priority to deliver the goods where you want them and when you want them.

The Drillman team - Our dedicated staff are committed to excellent customer service - wherever you are based. Our customers have a wide range of different requirements and each enquiry receives individual attention. Resourceful and attentive to detail, the Drillman team are able to offer the personalized service you are looking for, saving time and making your life easier.

Distributors - all our distributors are ISO or API certified so you can be absolutely certain you are buying quality products that conform to the latest guidelines.

Competitiveness - In a turbulent world it is essential to be streamlined. Drillman strives to keep overheads to a minimum and focus on what actually matters. These savings are passed on to you, the customer.

Experience, flexibility, reliability and competitiveness are among the reasons why our customers choose us. We look forward to counting you among them.
